

MAGNIS INFRASOLUTIONS

**WE KEEP THE WATER
WHERE IT IS MEANT TO BE**

We do WP with latest technologies as well as improved traditional methods.

Where we require Waterproofing?

Basement • Sunken portions • Underground & overhead tank • Balconies • Over deck plaza • Terraces • Terrace with insulation
Sloping roofs • Terrace having gardens & water bodies • Swimming pools • Waterproofing of in use structure

BASEMENT

- Guniting and Cementitious Injection.
- Grouting(traditional system).
- Acrylic base Cementitious coating with injection grouting.
- Crystalline base penetration Coatings.
- Elastomeric Coatings with reinforcement.
- Cross laminated fiber reinforced bituminous membranes.
- TPO, EPDM, PVC, APP, SBS Membranes.
- PU Coating, Injections and membranes.
- Rough Kota Stone with fiber reinforcement.

SUNKEN PORTION

- High build acrylic coatings.
- Crystalline base Penetration coatings.
- Elastomeric Coatings with reinforcement.

OVERDECK PLAZAS

- APP, SBS, TPO, EPDM and P.V.C membranes.
- Acrylic, plasticizers coating and Elastomeric coatings with glass fibermesh.

BALCONIES

- Acrylic, Placticizers and Elastomeric coatings.
- Self Adhesive SBS membranes.

TERRACE

- Brickbat coba and Mud Fuska.
- Flexible acrylic, Elastomeric or Placticizers waterproofing Coatings.
- APP modified bituminous membrane.
- Liquid Membrane.
- SBS, TPO, EPDM, PVC membranes.

TERRACE GARDEN

- Flexible acrylic, Elastomeric or Placticizers waterproofing Coatings.
- Liquid Membrane.
- SBS, TPO, EPDM, PVC membranes.
- APP modified bituminous membrane.

SWIMMING POOLS

- Swell able bars and Sealants & injection grouting for construction joints.
- Single component & two component acrylic elastomeric coatings.
- Guniting & shotcreting with fibers.
